100% Pass Top-selling H12-311_V3.0 Exams - New 2022 Huawei Pratice Exam [Q33-Q55

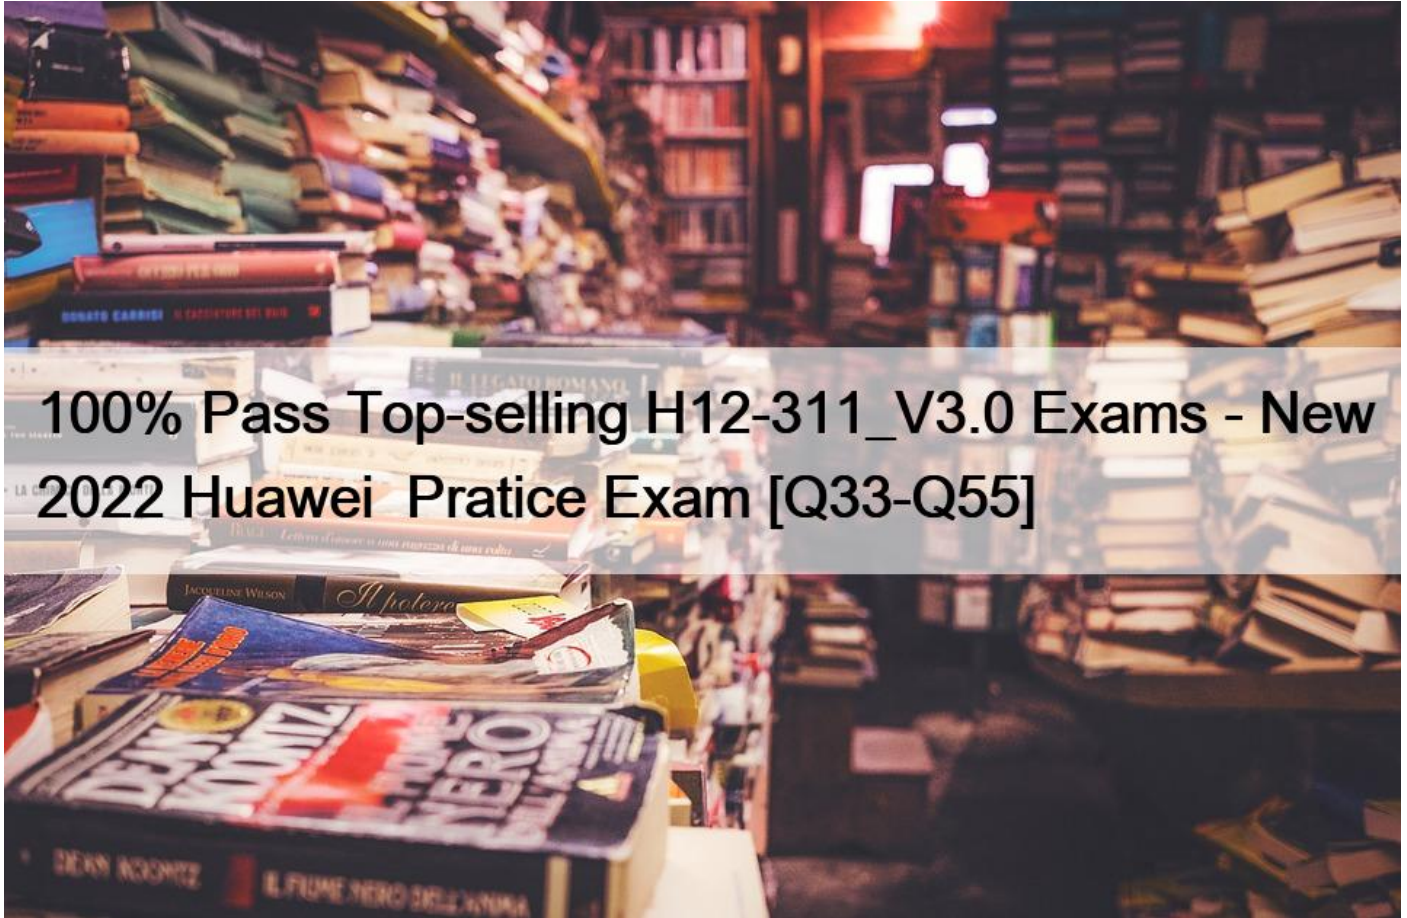

100% Pass Top-selling H12-311_V3.0 Exams - New 2022 Huawei Pratice Exam
HCIA-WLAN Dumps H12-311_V3.0 Exam for Full Questions - Exam Study Guide

NO.33 According to the following output, the correct statement below is ().

<Quidway> display version

Huawei Versatile Routing Platform Software

VRP (R) software, Version 5.70 (AC6605 V200R001C00)

Copyright (C) 2003-2012 Huawei TECH CO., LTD

Quidway AC6605-PWR Routing Switch uptime is 0 week, 1 day, 23 hours, 33 minutes H852V26S 0(Master): uptime is 0 week, 1 day, 23 hours, 33 minutes

512M bytes DDR Memory

128M bytes FLASH

Check the running status of the AC6605.

(Select 3 Answers)
* display version, you can see that the VRP version number of the current device is 5.70
* At present, the equipment has been running continuously for 1 day, 23 hours, 33 minutes
* At present, the device has used 512M bytes of system memory
* The total size of the flash memory of the device is 128M bytes

NO.34 2.4 GHz How many channels () can the frequency band be divided into at most?
* 14
* 13
* 11
* 3

NO.35 If connected to the same SSID Of wireless clients want to start from a AP Roam to another AP, Then two AP The area where the signal overlaps between. What is the general range ()?
* 50%
* No need to overlap
* 100%
* 10%-15%

NO.36 CAPWAP Which of the following standards organization proposed the agreement ()?
* FCC
* IETF
* CCC
* ETSI

NO.37 The following Huawei AP Which AP support SFP Fiber interface()?
* AP6010DN
* AP6310SN
* AP6510DN
* AP6610DN

NO.38 DSSS The modulation methods used are BPSK and QPSK .
* True
* False

NO.39 Which of the following statements about region is correct ()?

(Select 3 Answers)
* APs belonging to the same region will uniformly adjust the radio frequency channel and power
* An AP can belong to two regions at the same time, so that roaming is more optimized
* If there is no configuration, all APs belong to region 0 by default
* AP region has three types of deployment: dense deployment, discrete deployment, and ordinary deployment.

NO.40 Huawei Wireless Controller AC6605 The upgrade operation can only be performed on the wired side of the controller.
* True

* False

NO.41 Which of the following devices belong to Huawei Wireless Dual Band AP(Access Point)?

(Select 2 Answers)
* AP5010DN
* AP5010SN
* AP6010SN
* AP6010DN

NO.42 Metal objects have a greater attenuation effect on wireless signals, AP Or the antenna should not be placed behind a metal ceiling, etc.
* True
* False

NO.43 The lobe width is a very important parameter commonly used in directional antennas. It refers to the width of the antenna’s radiation pattern below the peak (.)dB The angle of the premises
* 3
* 4
* 5
* 6

NO.44 TKIP encrypted IV the length of the vector is () bit.
* 12
* 24
* 48
* 64

NO.45 In an 802.11 frame, what kind of control message () should be sent by the terminal to obtain access to the wireless medium?
* RTS
* CTS
* ACK
* PS-Poll

NO.46 A large number of devices appear AP and AC How to deal with the version mismatch failure ().
* Upgrade the versions to match each other
* replace AP equipment
* Replace the switch
* an examination POE Is the power supply normal

NO.47 an examination AC What is the command for online users ()?
* display users all
* display user-interface console 0
* display local-user
* display access-user

NO.48 By multiple AP And the infrastructure mode network composed of distributed systems connecting them, also called what ()?
* Basic service set
* Basic service area
* Extended service set

* Extended service area

NO.49 Huawei eSight Network management wizard-style configuration WLAN Business needs to be added in the network management first AC equipment.
* True
* False

NO.50 Which of the following descriptions of power splitters and couplers are correct is ().
* Power divider and coupler are equal power distribution
* The power divider is equal power distribution, and the coupler is unequal power distribution
* The power divider is unequal power distribution, and the coupler is equal power distribution
* Power divider and coupler are unequal power distribution

NO.51 for CAPWAP Agreement, the error described below is ().
* AC And thin AP Transfer protocol
* thin AP Transmission protocol with wireless client
* Depend on CAPWAP Working group development CAPWAP
* The formulation of the agreement has absorbed the useful features of other agreements

NO.52 Which of the following options is the frequency range supported by China 5GHz Frequency band()?
* 5.15~5.25GHz
* 5.25~5.35GHz
* 5.725~5.825GHz
* 5.725~5.850GHz

NO.53 according to AP and AC The inter-network architecture can divide the networking mode into two-tier networking and three-tier networking.
* True
* False

NO.54 WLAN When configuring the network, WMM Which of the following templates should the template be bound to ()?
* radio-profile
* traffic-profile
* security-profile
* service-set

NO.55 thin AP In the networking, which of the following authentication methods is not required in the authentication process AC participate().
* Shared key authentication
* 802.1X Certification
* PSK Certification
* Portal Certification
