NO.40 Which fields can you format using Column Formatting on the Edit menu?

Note: There are 2 correct answers to this question.

- * Currency fields
- * Date fields
- * Picklist fields
- * Number fields

NO.41 A manager changed jobs and subsequently lost access to a custom tile-based dashboard.

What functionality would an administrator use to restore access?

Note: There are 2 correct answers to this question.

- * Dynamic Groups

- * Manage Report Center
- * Role Based permission Groups
- * Role Maintenance

NO.42 What is the first step to make Ad Hoc reporting available for a customer?

- * Enable Ad Hoc report builder and domain schemas in Provisioning.
- * Enable Table reports by assigning Role Based Permissions.
- * Enable Table reports in Admin Center-> Upgrade Center.
- * Enable Table reports in Admin Center-> Reporting & Analytics.

NO.43 While constructing a dashboard, you find that you need to create a tile that requires more complex configuration than what is available with the Online Tile Builder tool.

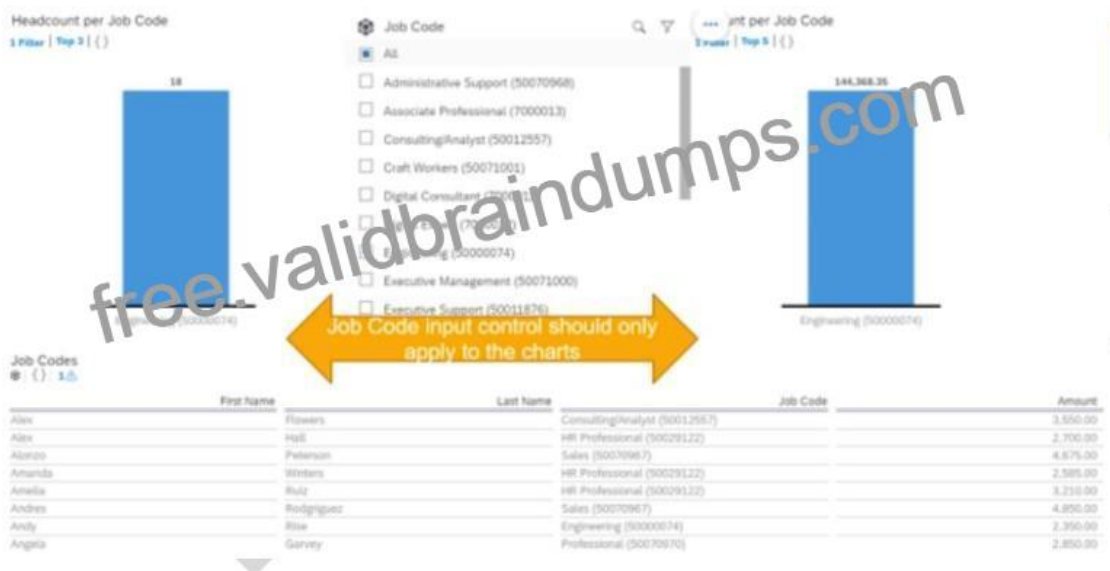

What tool can you use to create this tile?

- * Business Intelligence Reporting Tool (BIRT)
- * YouCalc designer
- * LMS Report Designer
- * PDFSam

NO.44 What is the purpose of the Include Starting From User setting in People Scope?

- * To include users the report is shared with
- * To include a range of users
- * To include the results for the user the report is running for
- * To include the user column as the first column

NO.45 You are creating a Story report on Job Classifications. You have configured the chart, table, and input control on the canvas as displayed in the screenshot.

How do you set the input control?

- * Configure it for Linked Analysis.
- * Enable Cascading Effects.

- * Convert it to a Story Filter.
- * Create the corresponding filter on each chart.

NO.46 You are using a Multi Dataset table report without Business Intelligence Reporting Tools (BIRT).

What are characteristics of the report output?

Note: There are 2 correct answers to this question.

- * Data is NOT joined in the query.
- * Report results are shown on a single tab in the output.
- * Data is joined in the query.
- * Report results are shown on separate tabs in the output.

NO.47 How do you give an analyst permission to build tiles?

- * Add the analyst to the role-based permission group Dashboard Administrators.
- * Assign the analyst as a dashboard administrator in Provisioning.
- * Assign the role-based permission in the Manage Dashboards/Reports RBP Category.
- * Assign the role-based permission in the Analytics RBP Category.

NO.48 User A maintains a canvas report of employee contact information. User A leaves the company. Another report designer, user B, is assigned the responsibility to maintain the report, but currently CANNOT modify the report.

How do you allow user B to modify only this report?

- * Edit user B's WFA Role configuration.
- * Assign User B the permission Access All Reports.
- * Update the reports' sharing to include user B.
- * Edit authorship of the report.

NO.49 You are building a performance report. In reviewing the Performance Management schema, you notice that the

2019 Performance Review Table is listed in the Available Data section. You begin the query by adding the Basic User Information table from the User schema. You notice that the 2019 Performance Review Table is NO longer listed in the Available Data section.

Why is the 2019 Performance Review table NOT in the list?

- * Only related or joined tables appear as available.
- * The table does NOT have a Report Object Configuration Entity record.
- * You do NOT have the data access permission to the schema.
- * You do NOT have RBP permission to the fields of the table.

NO.50 What setting in Provisioning enables Live data source?

- * LM5 Client API
- * EC Client
- * Workforce Analytics Client
- * Platform Client

NO.51 You are configuring a story report. You add the image widget to the top-left corner of the canvas. You then upload the SuccessFactors logo in the Builder and select the logo image so it displays on the canvas. When you preview the report in View Mode, the logo appears centered on the canvas.

What action do you take so the Logo appears in the top-left corner when viewing the report in view mode?

- * In Builder for the image, set the image to Dynamic.
- * In Styling for the page, set the Page Size to Fixed.
- * In Designer Mode, add another widget under the image.
- * In Styling for the image, set the Image Properties to Pan.

NO.52 Which actions can you perform in a Simple Text component?

Note: There are 3 correct answers to this question.

- * Select the font, font size, and font style options for the text.
- * Select an image to display inline within text.
- * Select the background color, numeric list options, and indentation for the text.
- * Add a link to an existing canvas report.
- * Upload an image to display before or after the text.
