- * Leadership replaces all aspects of management.
- * Management and leadership are used together.
- * Leadership is subsidiary to management.
- * Management and leadership are incompatible.

QUESTION 34

What is the Current State?

- * The state of the Product
- * The state of the Product Backlog
- * Where the organization is relative to the Strategic Goal at the present time
- * The number of the current Sprint
- * The current status in the Burndown chart

QUESTION 35

What are the characteristics of the Sprint Goal? Select three answers

- * It is a commitment by the Developers
- * It provides flexibility in terms of the exact work needed to achieve the Sprint Goal
- * Creates coherence and focus
- * Allows the team member to work alone
- * Reduces the need for daily interaction

QUESTION 36

Which of the following best describes the responsibilities of the product owner?

- * Updating and managing the stakeholders.
- * Optimizing the value of the items that the Developers deliver.
- * Managing the project and ensuring to satisfy all the requests made by the stakeholders.
- * Managing the Developers.
- * Improving Developers' effectiveness

QUESTION 37

What is the relation between risk and the value delivered by a Product?

- * Risk is part of delivering value.
- * Higher risk will increase the delivery of value.
- * Less value produces more risk.
- * Higher risk can reduce the delivery of value.
- * Risk is factored into value.

QUESTION 38

Who manages the progress of pending and completed work during a Sprint?

- * The Product Manager.
- * All of the answers.
- * The Product Owner.
- * The Scrum Master
- * The Developers
- * The Business Analyst

QUESTION 39

You are a manager in an agile organization. Markus is a development leader of a Scrum Team and he doesn't seem very

motivated lately, so you asked him to talk in a one-on-one meeting. While talking to Markus, he says that he is disappointed that the team is making decisions without consulting him.

What would you do?

- * Ask him if he has discussed the issue with the team, talked with the Scrum Master or raise it as an issue in the Sprint Retrospective.
- * Facilitate a meeting with the team members to discuss the problem and explain that their decisions need Markus's approval.
- * Move him to another team that will respect his opinions.
- * Investigate why the value of respect is broken.

QUESTION 40

When does the Sprint end?

- * When all the items are finished
- * When the timebox expires. If all the items are finished, the Sprint can end before the timebox expires
- * In one month
- * in two weeks
- * When the increment is ready
- * When the timebox expires.

QUESTION 41

What is the primary benefit of an Agile approach compared to a Waterfall approach?

- * To deliver product incrementally to improve upon the feedback loop and the product as a result
- * To save the organization money through quicker product development practices
- * An improved ability to deliver on-budget, on-time, and on-scope
- * Deliver business value by improving the customer's satisfaction with the outcome of doing business with your organization

QUESTION 42

Only one increment can be created in a Sprint

- * TRUE
- * FALSE

QUESTION 43

In order to reward high performing teams with a bonus, an organization's head of delivery has asked managers to compare Scrum Teams to identify the best Agile Teams.

Which of the following statements is true?

- * Compare teams by measuring their defect trends, innovation rate, technical debt and velocity.
- * Comparing performance between teams results is not a healthy practice.
- * Standardize the meaning of story points across teams to compare their performance based on completed story points.
- * The Teams with the highest velocity are performing better.

QUESTION 44

Which of the following Key Value Measures (KVMs) would be useful to understand and improve the Ability to Innovate? Select

three answers

- * Time Spent Context-Switching
- * Technical Debt
- * Time to Restore Service
- * Time Spent Merging Code Between Branches
- * Release Frequency
- * Lead Time for Changes

QUESTION 45

A company has 16 products and 4 Product Owners.

Which of the following is an acceptable way of forming Scrum Teams? Select two answers.

- * The company must hire 12 Product Owners.
- * There should be a Chief Product Owner and one Product Owner for each product.
- * There should be one Product Owner for every four Products supported by a Junior Product Owner in each Product.
- * There must be a single Product Owner for each product.
- * Product Owners are assigned to one or more Products each. The Product Owner may delegate work to others.

QUESTION 46

Improving the Ability to innovate helps an organization become more effective in ensuring that the work that it does improves the value that its products or services deliver to customers or users.

- * TRUE
- * FALSE

QUESTION 47

Peter is a new Product Owner for a Scrum Team working on a new Product. Peter made a Release plan for 6 months considering a velocity of 35 Story Points per Sprint. After the first 4 Sprints, the observed velocity is only 15 points and the developers tell the Scrum Master that it is impossible to meet the deadlines of such a Release plan.

What can the team do?

- * Extend the working hours to increase the velocity.
- * Make transparent to Peter that the projected completion date is not correct. Work with Peter to re-do the Release plan based on the new velocity and validate the release plan with the Developers.
- * Add more Developers to make increase the velocity to 35 points per Sprint.
- * Ask the Scrum Master to coach the Developers to estimate better.

QUESTION 48

Which of the following will help three Scrum Teams working on the same Product deliver an Increment at the end of the Sprint? Select three answers.

- * Synchronizing release schedules across all the Teams.
- * Product Backlog Refinement.
- * Having one Product Backlog for each Scrum Team
- * Reducing dependencies between teams.
- * Automating the integration and delivery process.
- * Having a different Product Owner for each team.
